

What is MAPPA and how does it keep people safe?

What are MAPPA arrangements and how do they keep our communities safe? This *in-person* event will provide an overview of what MAPPA is, who is involved in the delivery, and how these arrangements work to protect the public. It will also raise awareness of the risks around public 'outings' of people subject to MAPPA and look at how partners can help address these concerns with communities.

Wednesday 23 July 2025 at 2.00pm
